COUNTY COMMISSIONERS

Tender the Court House to the Federal Authorities for Their Court.

On Monday the Guilford county commissioners held their regular monthly meeting, and audited and approved a large number of accounts and allowed claims. The report of the doings of the board was crowded out of yesterday's issue.

Capt. J. W. Fry, J. S. Hunter, Neil Ellington and J. W. Scott appeared before the board and requested the commissioners to allow the United States authorities the use of the county court house for holding the federal court. The board agreed that the same would be given free of charge or rent, the United States authorities to furnish fuel, lights and janitors during the terms of federal court. Mr. Fry agreed to pay the regular court house janitor for cleaning the court house after each term of the U. S. court.

The petitioners, who called on the board several weeks ago and urged the acceptance of Ceasar Cone's proposition to furnish the rock for macadamizing the road from the northern end of Summit avenue to North Buffalo creek, appeared at this meeting and stated to the board that they had secured subscriptions to haul 2,400 loads of rock. The board accepted Mr. Cone's proposition and agreed to have the road macadamized, work to begin as soon as possible. J. M. Hendrix was appointed an agent for the board to collect the cash subscriptions.

The price of pork was fixed at 6 cents per pound and N. S. Voss ordered to buy about 1,500 pounds of pork (hogs weighing from 150 to 200 pounds) for use at the county home. Only one hog will be bought from one party.

Neil Ellington was allowed a rebate on $1,400 worth of personal property.

Several merchants of the county were authorized to furnish provisions to indigent persons, who are not cared for at the county home.

Notice!

All members of Guilford Lodge No. 1777, Knights of Honor, are requested and urged to meet in K. of P. hall at 10 o'clock tomorrow morning to attend in a body the funeral of Brother Geo. Rankin Chrisman.

BAPTIST STATE CONVENTION.

Opened in Asheville Today—Large Attendance.

The trains last night and this morning were crowded with delegates and ministers going to Asheville to attend the Baptist state convention, which opened this morning.

This is the sixty-ninth annual convention and will be the first session ever held beyond Blue Ridge. This fact will give the convention significance in Baptist history. Until twelve months ago there were two conventions—the other known as the Western North Carolina Convention, has existed in the mountain counties since 1845. The approaching session seals the union of all North Carolina territory in one convention.

The Baptists in the State number 175,000 white communicants and 140,000 colored communicants. They have in all over 3,000 churches and nearly 2,000 ordained preachers. They own and operate 5 chartered colleges and more than 50 high schools.

The year just ending shows large increases in the amounts raised for missions. In State missions an increase of $5,000 will be reported; in domestic or home mission, $1,500 increase, and in foreign missions, $1,000. The amount raised for these three causes aggregate $35,000.

The convention will have a large attendance from all sections of the State. Preparation has been made in Asheville for the entertainment of 500 delegates; a large number will go as visitors.

"MYRTLE FERNS."

Decided Hit by the Popular Woodward-Warren Company.

Popular prices prevail at the Academy of Music this week. An exceedingly popular company hold the boards—the well-known Woodward-Warren Co. Last night the academy was crowded to hear the opening bill, "Myrtle Ferns." All went expecting a good show and none were disappointed. "Myrtle Ferns" is a melodrama in five acts with the brightest and best collection of specialties we have ever seen on a Greensboro stage.

Guy Woodward's appearance in the role of a servant, at every point "brought down the house." Mrs. Woodward (Miss Warren) sustained her well earned reputation for graceful acting. John Kelfer and Miss Grace Diamond, in musical specialties, responded to repeated encores. Miss Una Clayton and her dog Roxie, caught the audience, while the refined musical melange by Miss Maebelle Eckert and Mr. Ludwig Heck, Jr., compared favorably with any who have visited this city. In fact every place was filled by an artist.

It was the best all round show of the kind we have seen here at any price.

Tonight this superb aggregation will play what is claimed to be the funniest piece ever written, entitled: "Why Jones Left Home."

Admission, 10, 20 and 30 cents.

Editor Telegram:—It was published in last Friday's issue of the Daily Record that Rev. S. C. Todd, a Presbyterian minister from South Carolina, was expected in the city that evening to take part in the services at the gospel tabernacle. Though not personally acquainted with him, I deny that Mr. Todd is a Presbyterian minister. He was such a minister a few years ago, but he is not now. Enosee Presbytery, S. C., was about to discipline him for his vices, touching the prevailing holiness faith cure, etc., so he withdrew from the Presbyterian church. As far as I know, he is not a minister in any recognized branch of the christian church. But that as it may, he must not sail under the Presbyterian flag.

THE CASE OF MR. ROBERTS

Investigation in Congress not to be Conducted on Partisan Lines

RURAL FREE MAIL DELIVERY

Efforts for its Extension to be Renewed in the Present Congress. Other News.

Special to The Telegram.

Washington, Dec. 5—Whatever may be the final result of the Roberts case in the house of representatives, it is evident that the investigation is not going to be conducted along partisan lines. The members of the house on both sides of the chamber, including the staunchest democrats, believe with almost one accord that should the charges made against the congressman-elect be proven, that he should be deprived of his seat. Congressman McRae, of Arkansas, put the entire question in a nutshell Monday, and voiced the almost unanimous sentiment on the democratic side of the chamber. There may be some opposition to the manner in which the majority have proceeded with the case, but there is no issue as to the final settlement of the case if the charges are proven.

On both sides of the house there is a disposition to treat Mr. Roberts fairly and accord to him every privilege consistent with the rules of the house pending the investigation of his case by the committee. Until the case is disposed of, however, he will not be allowed to vote, nor to occupy a seat in the hose of representatives. There is no disposition to cut him off from the privileges of the floor, and these will be granted him until he is finally sworn in as a member from Utah, or by the vote of the house declared ineligible to membership in the body.

Among southern members the feeling against Roberts is apparently as strong as among the the members from the north, who are politically opposed to Roberts. Politics has not entered into the case, and the investigation will be divested of all semblance of a political contest.

Mr Roberts is apparently confident that he can change the overwhelming sentiment of the house, but if he does, he will have to bring positive proof disproving the charges under which he rests.

Representative Stokes, of South Carolina, who during the last congress made earnest efforts to secure the extension of the rural free delivery and other improved mail facilities for the people of the country districts and towns, will renew his efforts during the present session, and is said also to secure some sort of postal savings depositories. Mr. Stokes is one of the valued members of the South Carolina delegation, and one of the hardest workers from the south. Mr Stokes is stopping, for the present, at the Metropolitan hotel, and will be there for some time.

It is said that if Mr. Bailey had consented to stand for the democratic nomination for speaker of the house, eighty-four members would have voted for him in caucus, which would have given him a majority. Most of the Virginia and North Carolina members, it is said, would have supported Bailey.

The death of Senator-elect Haywood, Nebraska, will make a political change in the senate. It is the belief that Ex-Senator Allen will be appointed by the governor to fill the vacancy. Mr. Bryan, it is said might get the appointment if he desired, but he is understood to be favorable to the appointment of Allen.

Mr Allen has many friends in Washington who will be pleased to see him back in the United States Senate for six years.

The democrats are now in control of the legislature, and when the body convenes, a democratic-populist fusionist will be elected to fill Haywood's place. If Allen is appointed he will be elected when the legislature assembles.

Senator Money, of Mississipi, is in Washington, and is stopping at the Metropolitan hotel. Mr Money says that the political outlook in the south is favorable to Bryan. He thinks the Nebraskan will get nearly solid delegations from all of the southern states.

Dr. Cary, a prominent Maine physician was in Washington, for a few days. He is one of the few Maine democrats, but is not of the Bryan school. He is now on his way south, and will spend the winter at Raleigh, N. C. The other day the doctor stated an interesting fact. He said at the time of the assasination of Lincoln, in the town of Gilmanton, New Hampshire, which is only a few miles from the Maine border, the event was celebrated by bonfires, fireworks, blowing of horns, and general jollifications. He said that such an incident could not have been witnessed in a single southern city, at even that time when the feeling against the north was most intense. To the credit of many of the participants in the disgraceful scenes in the New Hampshire town, the doctor said, many who took part in it were then young men, and have since lived to be heartily ashamed of their part in it.

WEDNESDAY, DEC. 6, 1899.

THE TIME NOT YET COME.

The following very interesting colloquey is taken from the yankee Chicago News:

"It seems good to be in the north and talk with one of our lawmakers and know that all the bitterness of nearly forty years has been buried deep in the past," said John H. Reagan, the only surviving member of Jefferson Davis' cabinet, to Senator John C. Spooner, of Wisconsin, in the rotunda of the Auditorium Hotel. The tall broad-shouldered Texan lifted his hands and rested them upon the shoulders of the rather diminutive senator from Wisconsin and smiled down upon him. His kindly, happy face, surrounded by his gray locks, his broad, black felt hat and the long black coat, with a white string tie, gave the combined effect of a preacher and a true southron.

The two men stood in the center of the corridor for a half-hour talking of days long gone by. They were soon the center of attraction, and many comments were passed upon the position of the two men as the trembling hand of Ex-Senator Reagan rested on the northern senator's shoulders.

"Yes, sir," said Mr. Reagan, "Mr. Spooner has invited me to the opera with him. Think of me, the bitter Jonnie Reb, seated side by side with a tricky Yank at an opera. This demonstrates what time will do."

And the News comments as follows:

Yet there are those who say that it is too soon to nominate a southern man for the presidency. We do not believe it. Find the right man, and it will make no difference against him that he hails from the south.

It is pleasing that such happy words should come from a Chicago newspaper. But every southerner says the time has not come for the south to sit in the executive chair, and Senator Daniel's boom is laughed at.

The case appears to be against Mr. Roberts, the three-wived representative from Utah. It is just. No man should have a hand in framing laws for the intelligent and christian people of America who honors such a religion as Roberts professes. The right of worshipping God according to the dictates of one's conscience is a sacred privilege save in the instance where one's conscience is so basely perverted as to utterly ignore the plainest teachings of the Bible upon which our laws and constitution and liberty are founded. Congress should lose no time in creating a precedent in the Roberts affair that will forever hereafter debar any polygamist from entering its halls as a law-maker of this government.

We who felt the sharp blasts of the north wind in Greensboro yesterday and today have no conception of cold weather at all. Listen how it is down in Chatham:

Last Saturday was a cold day. Two gentleman from the country, who were here Saturday, said they saw a man plowing that day who had his little boy following him in the field with a pan of fire by which he would warm his hands. When first seen, they said, he was warming his hands by the fire. He then started to plowing, the little boy following with the pan of fire and a little girl was following also with an armful of lightwood splinters.—Chatham Citizen.

A dispatch from Manila states that Monday night a force of insurgents estimated at 800 attacked the American garrison at Vigan, province of South Ilocos, killing eight of our boys and wounding many. This soundeth not like the trouble in our eastern colonies were ended. Guerilla warfare starts out with more damage than organized resistance has affected in many a day.

Today's number of the Biblical Recorder is a handsome convention edition with the front page beautifully designed and engraved. The cover is of heavy super-calendered paper, while the remainder is printed on good stock. As usual the paper is full of good reading matter. In addition to the title the front page contains a splendid half tone cut of the Baptist Female University.

What would you call it, a relief?—the coming of congress to help the British and the Boers and the Americans amuse the fickle public.

HOW MANY MEN

In Greensboro Have Made Promises That Have Not Been Fulfilled.

IT'S EASY TO SQUARE UP NOW.

How many men in Greensboro have faithfully promised to buy their children pianos just as soon as they were able to do so? How many took a solemn vow that if they were so fortunate as to secure "that girl" for a wife, she should have a decent piano instead of an old tin-panned rattle trap or squeaky old organ even if he had to quit smoking to afford it? How many have kept that vow? Do you know the cost of 3 or 4 "Havana de Cabbages" or looking at the "ceil'ng" 3 or 4 times each day would soon pay for the finest piano made, especially when you can secure a piano at strictly factory wholesale cost on easy payments. Take for instance our $375 to $400 piano. There are no better made as for tone, touch and wearing ability, and they would adorn any home in this city. We furnish them for a few days longer at $226 on terms of $20 cash and $8 per month, or about 25 cents per day. Can you afford to deprive your family the use of an instrument for so small an amount. In case you care for cases more attractive, we have them in the different woods for $248 to $258.

Should you care to own the finest piano in the city, very largest size, grand scale, that retails for $450 to $500, you can do so if you come inside the next day or so for $289. The Poet Burns,

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a woman's tear. Enough of this, 'tis half of my disease!"

"If you would escape the rock upon which the lamented Burns split;" take shelter from the storm that is bound to spend its fury upon you when the fatal summons comes, by at once securing the magnetic contract offered by the Provident Savings.

"What a relief it is to see Mamie so safely married," sighed the match-making mamma. "So you think you have made a sort of safety match, do you?" murmured Mamie's papa; and Mamie's mamma admitted that it sort of struck her that way.

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by C. E. Holton, druggist.

"You advertised for a collector; I think I'll do." "You do, eh; what's your name?" "Bill Dunn." "Good; report tomorrow morning."

Son of an Ohio Merchant Cured of Chronic Diarrhoea.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited.—Thomas B. Bower, Glencoe, O For sale by O. E. Holton, druggist.

It is a waste of time to cry over spilled milk. The probabilities are that it has been pretty well watered already.

C. E. Holton, druggist, guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to any one who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

It takes but a minute to overcome a tickling in the throat and to stop a cough by the use of One Minute Cough Cure. This remedy quickly cures all forms of throat and lung troubles, harmless and pleasant to take. It prevents consumption. A famous specific for grippe and its after effects. Howard Gardner.

Gaining a Wide Reputation.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston, of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and pained me very much, but one good application of Pain Balm relieved me. For sale by O. E. Holton, druggist.

The early worm can usually be depended upon to fill the bill.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble Regular sizes 50 cents and $1.00. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed.

The Tax on Inheritances.

Washington, Dec. 5—Argument was begun today in the United States supreme court in the cases involving the constitutionality of the provision in the war revenue act for the taxation of inheritances.

The appellants attack the law on the ground that it provides for a direct tax which is not apportioned among the states according to population as quired by the constitution; that even if not a direct tax, it is unconstitutional because it is not uniform in its operation, exempting as it does, legacies under $10,000; that if inheritances are taxable at all the power to impose such a tax rests with the states exclusively.

Never take a man at his own estimate. Lots of fellows who think they are world-beaters would balk if their wives should ask them to beat a carpet.

New Feature.

Patented June 20, 1899.

In addition to the Corrugated Ribbed Back on 6x8 Wall Tile we add the Two Undercut Depressions On 6x6 we use the first ribs and Three Undercut Depressions. On other sizes, two undercut depressions.

There is no doubt about our patent Anchor Back Tile keeping in place and not leaving the cement—if proper cement mortar is used in the work. The Anchor Back is a strong talking point and gains ready approval of Architects and Builders—the cement enters the undercut depressions and when the cement sets forms a key that is a strong mechanical feature in holding the tile in place.

It is something besides bad air that makes a woman faint in a close theatre. A well woman wouldn't faint. The woman who easily grows faint and dizzy—who has palpitation of the heart—a "stuffy" feeling—hot flushes—nervous troubles, better look for the cause in her digestive system or in the distinctly feminine organism—maybe in both.

Women who are not quite well and don't know just what is the matter, and women who are really sick and don't know exactly what is the matter should write at once to Dr. R. V. Pierce, at Buffalo, N.Y., stating their symptoms in detail. They will be advised by Dr. Pierce without charge.

Dr. Pierce is, and for over thirty years has been, chief consulting physician in the world-renowned Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

He has treated and cured more suffering women than any other physician in the world, and more of his "Favorite Prescription," for the correction and cure of all disorders and diseases of the feminine organs, except cancer, has been sold than of all other similar medicines.

Write to Dr. Pierce. If his medicines are what you need he will tell you so, if they are not what you need he will honestly say so and will tell you what to do. Dr. Pierce's position is a sufficient guarantee that his advice will not be biased by the hope of selling you a few bottles of medicine.

If you wish to study up your own case Dr. Pierce will send you, *free of all cost*, a paper-bound copy of his great 1000-page book, the "Common Sense Medical Adviser," of which over 750,000 were sold at $1.50 a copy. All that Dr. Pierce asks is that you send 21 one-cent stamps, to pay the cost of mailing *only*. If you prefer the book in fine French cloth send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

ROBERTS LEFT OUT.

The House Votes Ten to One to Make Him Wait.

Washington, Dec. 5—By a vote of more than ten to one today, the house decided that it would not permit Representative Roberts to take the oath until the charge against him has been investigated by a special committee. This result was assured yesterday when McRae (Arkansas) joined Taylor (Ohio) in objecting to his being sworn in, but the immense majority surprised every one.

Discussion of the resolution referring to Roberts' claim to a seat to a special committee followed the reading of the president's message and attracted more interest and attention than did that document. Taylor, Richardson and Roberts were the principal speakers. The former opened and closed, making a legal argument to sustain the contention that the house had the right and power to stop Roberts from taking the oath, and that Roberts was ineligible on the alleged facts. Richardson contended that a member-elect with a proper certificate must be seated and the question of ineligibility considered later

Roberts, in his own behalf, commanded admiration by the ability and courage he displayed, but failed to gain the sympathy of his audience. It is the impression that he hurt, rather than helped, his case.

A sensational episode was furnished in the three-minute speech by General Grosvenor, who indignantly repudiated Roberts' assertion that the president had knowingly appointed to office men guilty of the same crime charged against him, and which he did not deny.

The resolution passed by a vote of 302 to 30, the negative being cast by 28 democrats one republican and one silverite

A DISPLORABLE OUTLOOK.

Spread of Bubonic Plague—Revolutions are Rampant.

Kingston, Jamaica, Dec. 1—Passengers from the west coast of South Africa report an ominous outlook in connection with the spread of the bubonic plague. There seems little doubt that the epidemic is slowly but steadily working westward in South Africa. To this dangerous plague is added the general condition of political unrest in all the western republics of South America. Chili is on the eve of a financial crisis and possibly of revolution, which has only been postponed, and not averted, by the government's reduction of the issue of forced paper currency from $50,000,000 to $20,000,000 In Peru and Bolivia serious revolutions are going on. There are disorganizing trade. Ecuador is in a condition of incipient revolt against the dictatorship of President Eloy Alfaro and a strong revolutionary movement, directed by the clerical party and supported by a majority of the people, is said to be in course of organization on Peruvian soil. In Columbia civil war is raging. The plague and the wars are reacting seriously on trade and industry. The most significant indication is the turning backward of the stream of English, German and other European commercial travelers. The coast trade thus far has suffered little, but from Chili to Columbia internal trade is a most paralyzed, and the steamers are sailing with little or no return freight.

"Hamphat has made rapid strides in his profession," said the utility actor. "He attributes his success to having been born with a caul." "That's nothing," chipped in the low comedian; "lots of famous actors have begun as call boys."

"I hope, little man," remarked the visitor to Boston, "that in your arduous study you don't neglect your physical development?" "No, madame," returned little Emerson Browning Beanes. "I am a regular attendant at the Jamenasium."

No Right to Ugliness.

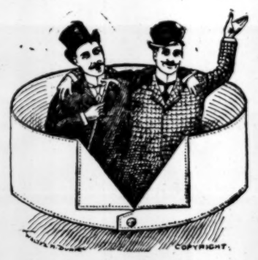

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking charming woman of a run-down invalid. Only 50 cents at C. E. Holton's drug store.

WINE OF CARDUI

A SURE MEDICINE.

HAMDON, VA., Dec. 31.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

McELREE'S Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

MUCH BETTER TODAY.

The Condition of the Normal Sick. Several Young Ladies Go Home.

Most of the twenty patients remaining at the State Normal and Industrial College are reported much better today, and the majority of these are convalescent.

The following young ladies were able to return to their homes today: Misses Bessie Hagwood, Wake Forest; Lillie Keathley, Wilmington; Ester Tripp, Washington; Hardison, Thurmond, Craven county, and Mary Brown, Conetoe, Edgecombe county.

Mrs. T. B. Bailey, of Mocksville; Davie county, whose daughter, Miss Sara, died at the college last week, and who has been attending her other daughter, Miss Evelyn, who has been critically ill for some time, left this morning for her home quite ill. She is prostrated with grief and worry, consequent upon a ceaseless watching over her sick daughters. Dr. Chas. L. Scott accompanied her to Mocksville. Miss Evelyn is much better today and will be able to return home next week.

Clarence Call, of Wilkesboro, was here last night on a visit to his two nieces, Misses Chattie Prevette and Bessie Trauseau. He reports these young ladies very much improved and says they will leave for home next week.

DEATH OF MR. CHRISMON.

He Passed Away at 11:20 Last Night. Funeral Tomorrow.

Geo. Rankin Chrismon, who has been sick with fever for the last three weeks, died at 11:20 o'clock last night at the home of his mother, 231 East Market street.

The funeral will be conducted from the West Market M. E. church by Rev. Dr. Rowe at 11 o'clock tomorrow morning.

The deceased had been a member of the M. E. church for several years. He has also been a member of the No. 1 Steam Fire Company for some time and of the Knights of Honor, Guilford Lodge, since last June. These organizations will take part in the services over the remains of their beloved brother.

He leaves his mother, one sister, Mrs. Summers, and two brothers, J. Riley and James Robert Chrismon, and many relatives and friend to mourn his death.

Caught Stealing Coal.

About 7 o'clock last night Policeman Alexander made a raid on five little negro boys, who were stealing coal from a car on the railroad yard. He captured one, Monroe Covington, but the other four made their escape. He has their names, however, and hopes to land them today. Mayor Taylor will investigate.
